- Teamwork & Collaboration

INTERESTS | HOBBIES

- Volunteering
- Training classmates
- Build personal project
- Learning new programming languages

EDUCATIONS

Passerelles Numériques Cambodia

- Associate Degree | Web Programming

Since 2024 - 2026

Pouk High School

- Bac II

Since 2020 - 2023

EXPERIENCES

1+ year of experience as a Full-Stack Developer

Full-Stack Developer — KD GLOBAL MANGEMENT

- Experienced Full-Stack Developer building scalable, production-grade web applications across CRM, education, and internal management systems. Delivered key projects including a custom CRM system, KD Academy, and KD Vision, focusing on workflow automation, reporting dashboards, and role-based access control.
- Projects: Custom CRM System, KD Academy System, KD Vision System
- Technologies: Vue.js, Laravel, Blade, Vuetify, JavaScript, PHP, MySQL, REST APIs, Nginx, Linux, Git, AWS (EC2, S3, RDS), Cloudflare

IT Intern (Full-Stack Developer) — The NGO Forum on Cambodia

- Developed and deployed an automated system for managing Service Agreements between NGO Forum on Cambodia and freelance consultants, reducing manual work and improving workflow efficiency, compliance, and data security.
- Built a scalable web application using Python (Flask, Django) with responsive frontend technologies, and managed deployment on AWS EC2 (Ubuntu) with custom domain configuration.
- Technologies: Python, Flask, Django, Bootstrap, CSS, jQuery, Chart.js, Git, GitHub, Jira, Figma, AWS EC2, Ubuntu Linux.

SCHOOL PROJECTS

Leave Management System | July 14th - August 30th, 2025

Virtual Company Two | Organization: **NGO Forum on Cambodia**

- Developed a Laravel-based List Management System to track staff attendance, leave, and permissions, improving real-time visibility and team coordination. Deployed on AWS EC2 (Ubuntu).
